Letter of Appreciation

Subject
Letter of Appreciation

Dear Lütfü,

On behalf of the Dutch Tax and Customs Administration, we would like to thank Lütfü for participating in our Coordinated Vulnerability Disclosure program. For that, we present this letter of appreciation to Lütfü.

At the Dutch Tax and Customs Administration, we consider the security of our systems a top priority. But no matter how much effort we put into system security, there can still be vulnerabilities present. For that, we warmly welcome people like Lütfü as a participant in the Coordinated Vulnerability Disclosure program.

We appreciate not only that you have reported a security issue to us but also that you have professionally done this.

With kind regards,
Security Operations Center
Dutch Tax and Customs Administration
